

Nov. 8 - 30, 2012

Recognizing National Disabilities Awareness Month

ABLED6

**Imaginative and observationally inspired works
by students of the Massachusetts Hospital School.**

Among the forty works on display are paintings, monoprints, flower rubbings, collage, and textile art. Individual and group projects are on display.

The Massachusetts Hospital School's mission is to provide medical, habilitative, rehabilitative, recreational, educational and vocational services to children and young adults with multiple disabilities, assisting them to achieve their maximum level of independence in all aspects of life.

This annual exhibition pays tribute not only to the creative energy of young artists facing challenges, but to the vision of Massasoit's Prof. Laura Yellen for her dedication and voice on behalf of her students and their "abilities".

Changing perceptions, celebrating differences,
reaching awareness through art.
