

STUDENTS ANNUAL PRINTMAKING EXHIBIT DECEMBER 7 THRU JANUARY 26, 2017

The show features works created by students from two fall semester courses-Relief Printmaking & Monotype Printmaking. Many of the prints in this exhibition will be entered in the second annual Speedball Art Products national juried show, "New Impressions Print Competition", where college students across the country compete for prizes for themselves and their school. Entries will be juried by a panel of influential printmakers, Bill Fick, Carlos Hernandez, and Susan Rostow. Winning prints will be exhibited at the Sawtooth School for Visual Arts and at the Southern Graphics Conference in 2017 in Atlanta, Georgia. Last year Massasoit printmakers swept the competition with prizes in the Relief, Monotype & Silkscreen categories.
