

# LAPTOP REGISTRATION

Students, faculty, and staff are strongly encouraged to register their laptops. The Massasoit Community College Police Department offers you the following two ways to register your laptop.

Register your laptop with the Massasoit Community College Police Department. The registration process is a free service provided by the College Police Department. MCCPD maintains a database that stores the make, model, and serial number of your laptop. In the event of the loss or theft of the laptop, MCCPD will be able to provide you with that information, which could help facilitate the recovery of the laptop. Please visit the College Police Department on the Brockton or Canton Campus to register your laptop.

In addition to the registering your laptop with the College Police Department, the second method to register your laptop is through the Security Tracking of Office Property program (STOP). STOP provides a theft prevention and recovery system for our Community. For a \$10 registration fee your laptop will be registered in a database that is good for the life of the computer. Your laptop will be fitted with a unique, tamper-proof patented plate, with a barcode and indelible tattoo. For additional information on the STOP program, visit their website at [www.stoptheft.com](http://www.stoptheft.com).
