

## Youth Learner Policy

Students below the traditional age-level for college are welcome at Massasoit Community College. With the exception of classes/activities specifically designed for youth learners (for example Sports Camps, Summer Science Camps, MCAS tutoring, Robotics), said students must comply with the procedures outlined below, in order to register for credit and non-credit courses.

Youth learners - those who have not yet reached the age of sixteen (16) - will be considered for credit and non-credit courses on a case-by-case basis. A parent/guardian and the student must complete the **Youth Learner Request to Enroll Form** and obtain the approval signature of the Dean of Students or designee **prior to** registering for credit or non-credit courses.

The college reserves the right to limit or deny enrollment of a student under the age of sixteen (16) in credit or non-credit courses based on its case-by-case consideration of a variety of factors, including but not limited to: the student's maturity level, life experience, placement test scores, pre-requisites, prior education, course content, instructional methodology, and risks or requirements associated with a particular course(s).
